Appendix 1.1

Truth Affirmation – Tender Digital Health Platform

The tender in the procurement must be signed by a person authorized to represent the company. Karolinska University Hospital may verify the authorization. In such cases, the Tenderer must be able to demonstrate that the authorization was in place by the final date to submit tender. A signed Truth Affirmation confirms that the authorized representative, in good faith and with integrity, certifies that:

- The Company has accessed and based its tender on the complete documents in the procurement, including any clarifications and supplements published in the specified manner in TendSign up until the final day to submit tender.
- All information provided in the tender is truthful.
